CONTENTS

No. 1. *JANUARY, 1967*

PAGE

Chronic Bronchitis in Miners and Non-miners: an Epidemiological Survey of a Community in the Gold-mining Area in the Transvaal. G. K. SLUIS-CREMER, L. G. WALTERS, and H. S. SICHEL 1

Ventilatory Function in Relation to Mining Experience and Smoking in a Random Sample of Miners and Non-miners in a Witwatersrand Town. G. K. SLUIS-CREMER, L. G. WALTERS, and H. S. SICHEL 13

Prevalence of Chronic Respiratory Disease in a Pulp Mill and a Paper Mill in the United States. B. G. FERRIS, JR., W. A. BURGESS, and J. WORCESTER 26

Effects of Histamine Aerosol in Byssinotic Subjects. ALY A. E. MASSOUD, R. E. C. ALTOUNYAN, J. B. L. HOWELL, and R. E. LANE 38

A Noise-attenuating Enclosure for Audiometer Earphones. R. R. A. COLES 41

Heat-protective Ventilated Jackets: A Comparison of Humid and Dry Ventilating Air. G. W. CROCKFORD and D. E. LEE 52

Further Investigations on the Evaluation of Exposure to Nitrobenzene. J. PIOTROWSKI 60

Long-term Efficacy of Oil-adjuvant Influenza Vaccine in an Industrial Population. R. W. HOWELL.. 66

Determination of the Carboxyhaemoglobin Saturation of Blood by Spectrophotometric Analysis. J. M. BEECKMANS 71

Miscellanea

Mercury Poisoning and Its Treatment with N-acetyl-D-Penicillamine. V. PARAMESHVARA 73

An Inorganic Mercury Hazard in the Manufacture of Artificial Jewellery. J. F. COPPLESTONE and D. A. MCARTHUR 77

Book Reviews 81

No. 2. *APRIL, 1967*

Industrial Medicine—An Art or a Science? T. S. SCOTT 85

Shift and Day Work: A Comparison of Sickness Absence, Lateness, and Other Absence Behaviour at an Oil Refinery from 1962 to 1965. P. J. TAYLOR .. 93

A Prognostic Study of Occupational Dermatitis Cases in a Chemical Works. K. S. WILLIAMSON 103

Hearing Thresholds of a Non-noise-exposed Population in Dundee. W. TAYLOR, J. PEARSON, and A. MAIR 114

Byssinosis among Winders in the Cotton Industry. SIZA MEKKY, S. A. ROACH, and R. S. F. SCHILLING 123

A Further Study of China Biscuit Placers in Stoke-on-Trent. E. POSNER and M. C. S. KENNEDY 133

Aspects of Pulmonary Mechanics in Arc Welders' Siderosis. DAN C. STÂNESCU, LAURENTIU PILAT, NICULAE GAVRILESCU, DAN B. TECULESCU, and IULIA CRISTESCU 143

Mule Spinners' Cancer and the Wool Industry. W. R. LEE and JOAN K. MCCANN 148

An Evaluation of the Safety of Shrouded Nozzles used on High-pressure Greasing Equipment. R. MORLEY 152

Miscellanea

Ayan Dermatitis. J. W. W. MORGAN and JOHN THOMSON 156

Pulmonary Hypersensitivity to the Grain Weevil. J. A. LUNN and D. T. D. HUGHES 158

Symptoms among Chilli Grinders. C. G. URAGODA 162

Book Reviews 165

No. 3. *JULY, 1967*

PAGE

Individual Variations in Sickness Absence. P. J. TAYLOR 169
Mortality in a Movie Projectionist Union in Boston, 1910-64. B. G. FERRIS, JR. and J. WORCESTER 178
Physique and Serum Lipids of Young London Busmen in relation to Ischaemic Heart Disease. R. M. OLIVER 181
Use of the Albino Guinea-pig to Detect the Skin-sensitizing Ability of Chemicals. M. A. STEVENS 189
Early Signs of Lead-exposure: A comparative study of laboratory tests. A. DE BRUIN and H. HOOLBOOM 203
A Cooling System for Impermeable Clothing. J. P. GLEESON and J. F. PISANI .. 213
Effects of Pulsed Currents on Respiration and the Heart. W. R. LEE, S. ZOLEDZIOWSKI, and S. TEMIYACHOL 220
Investigation of a Minor Asbestos Hazard. M. C. S. KENNEDY and R. ROUTLEDGE. 232
Miscellanea
Protection of Employees with Defective Vision. J. P. W. HUGHES and M. A. COOKE 240
Apparent Onset of Coal-workers' Pneumoconiosis after leaving the Mines. N. K. CONI 243
A New Method for Calibrating the Kofranyi-Michaelis Respirometer. C. T. M. DAVIES and D. S. SHIRLING 247
Book Reviews 249

No. 4. *OCTOBER, 1967*

Assessing the Heat Stress and Establishing the Limits for Work in a Hot Mine. C. H. WYNDHAM, A. McD. ALLAN, G. A. G. BREDELL, and R. ANDREW .. 255
Treatment of Lead Poisoning: A Comparison between the Effects of Sodium Calciumedetate and Penicillamine Administered Orally and Intravenously. STIG SELANDER 272
Control of Lead Workers by Determination of Urinary δ-Aminolaevulinic Acid. KIM CRAMÉR and STIG SELANDER 283
A Dry Ashing Method for the Determination of Blood Lead using Cathode Ray Polarography: Comparison with a Wet Ashing Technique. A. A. CERNIK .. 289
A Simplified Procedure for the Determination of Urinary δ-Aminolaevulinic Acid. M. K. WILLIAMS and J. D. FEW 294
Auditory and Subjective Effects of Airborne Noise from Industrial Ultrasonic Sources. W. I. ACTON and M. B. CARSON 297
Incorporation of Uranium I. Distribution of Intravenously and Intraperitoneally Injected Uranium. G. WALINDER, L. HAMMARSTRÖM, and U. BILLAUDELLE .. 305
Incorporation of Uranium II. Distribution of Uranium Absorbed through the Lungs and the Skin. G. WALINDER, B. FRIES, and U. BILLAUDELLE 313
Metabolism of Ethylene Glycol Dinitrate and its Influence on the Blood Pressure of the Rat. D. G. CLARK and M. H. LITCHFIELD 320
Tryptophan Content of the Serum Albumin of Normal and of Cadmium-poisoned Monkeys. J. E. KENCH and ELIZABETH M. SUTHERLAND 326
A Study of the Skin Absorption of Ethylbenzene in Man. TADEUSZ DUTKIEWICZ and HALINA TYRAS 330
Miscellanea
Lead Poisoning in Jewellery Enamellers. R. FOTHERGILL, M. D. KIPLING, and A. B. WEBER 333
Book Reviews 336
Index 339

INDEX TO VOLUME 24, 1967

A

Absenteeism, and shift and day work, 93

————————sickness, individual variations, oil refinery, 169

ACTON, W. I. and CARSON, M. B.: Auditory and subjective effects of airborne noise from industrial ultrasonic sources, 297

Aerosol, histamine, effects in byssinosis, 38

Air, ventilating, humid and dry, comparison for heat-protective ventilated jackets, 52

Albumin, serum, tryptophan content of, in normal and cadmium-poisoned monkeys, 326

ALLAN, A. McD., *see* WYNDHAM, C. H. *et al.*

ALTOUNYAN, R. E. C., *see* MASSOUD, A. A. E. *et al.*

Alumina inhalation, and china biscuit placers, Stoke-on-Trent, 133

American Academy of Occupational Medicine, 19th Annual Meeting, San Francisco, 1967, 84

Aminolaevulinic acid, δ-, (ALA), urinary, control of lead workers by determination, 293

————————————————, simplified procedure for the determination, 294

ANDREW, R., *see* WYNDHAM, C. H. *et al.*

Asbestos, investigation of a minor hazard, 232

Ashing, dry method, for determination of blood lead using cathode ray polarography, comparison with a wet ashing technique, 289

Ayan wood, causing dermatitis, 156

B

BEECKMANS, J. M.: Determination of the carboxyhaemoglobin saturation of blood by spectrophotometric analysis, 71

BILLAUDELLE, U., *see* WALINDER, G. *et al.*

Biscuit placers, china, and inhaled alumina, Stoke-on-Trent, 133

Blood pressure, metabolism of ethylene glycol dinitrate and its influence on blood pressure, rat, 320

Book Reviews:
